On a per-round basis the field is level (4.7–5.2 sips); Andrej's low total is a late-arrival effect, not tolerance

HOUSE RULES

Not part of this export: the in-app recap lists which rules were on.

Methodology and definitions

Net sips	Every sip event after credits (Easy Mode halving, Dealer Lottery, bust-vote, Lucky Sevens, A♣ protection).
Gross sips	All positive sip events before credits; used for driver mix.
Round played	A round in which the player made at least one decision (decision log).
Clean round	A round played with zero or negative net sips.
Basic-strategy match	Share of hit/stand/double/split decisions equal to the engine's basic-strategy action: its programmed basic-strategy tables plus the drinking-mode overrides (splitting unsuited 10s when that rule is on, splitting 9s unless the dealer shows 10, doubling 5s and totals of 9-11).
House win rate	Share of player hands lost while that player dealt; pushes count as hands.
Sips per hand	Net sips without side games, milestones and streak handouts, over hands played (hands with a logged decision). The simulator benchmark counts the same way, at full rules and 1.0×.
Avg hand	Starting hand: the two-card total at a hand's first decision (a dealt Blackjack has none, so it isn't counted). Stood on: the total at each stand.
Paid-off risk	A hit or double on a hard total in a hand that went on to win, ranked by the chance the next card busts it (hard 16: 62%, hard 18: 77%); shown from 45%.
Losing streak	Rounds in a row with more hands lost than won, as the L badge counts them; an even round resets it. Clean streak: rounds in a row with no net sips.
Milestone round	The round the claimer's running net total passed the step; the game counts the sip ticker, which ignores credits, so it can be a round earlier.
Drink Rate factor	A seat's multiplier on the sips it owes: boosters (1.2–1.5×) drink more, discounts (0.2–0.8×, e.g. wine 0.6×) drink less. Aces, the bust vote, 666/777 and the Wild Card skip boosters. Avg factor = mean over the rounds the seat played.
Driver categories	Others' wins: Blackjack bonus, Doubled win, Split win, Suited winning, 5+ card win; Own losing hands: Net hand losses, Lost doubled, Lost suited; Sweeps: Other-player sweep, All-hands sweep; Bust votes: Bust vote wrong, Bust vote handout; Dealer Lottery: Dealer Lottery; Card events: Ace dealt, Four Aces, Devil's Hand, Dealer suited; Dealer duty: Hard Dealer Switch; Milestones: Milestone, Worst average; everything else: Wild Card & other.
